

## **After** you watch the *Blue Sky Theater: The Elements of Dance...*

- Close your eyes and do an instant replay of some of the scenes.
- Can you tell us about what stood out in your mind, and what you remembered most?
- See if you can get up and do some of the movements you remember from the film, perhaps some of what the dancers did. Use words to describe why you chose that movement. Tell us how you felt doing it, and what you think the movement looks like. Is it fun? Interesting? Beautiful? Funny? Surprising? Are there other words and ideas to talk about the movement?
- Can you name one (or more) of the dance elements? \_\_\_\_\_
- Discuss how dance is different and similar to other forms of human movement such as sports, play, everyday activities.
- If you have time, draw a picture, write a poem, or write a summary on the other side this paper - or better yet, create your own dance! Find your own unique way of responding to the Blue Sky Theater film.

(And share with us if you have a way! We always love seeing your response. Send your response to [education@ririewoodbury.com](mailto:education@ririewoodbury.com))
